

# LSC has Awarded Funds for Development of Statewide Websites

The Legal Services Corporation (LSC) has awarded a grant of \$314,140 to the Kansas Legal Services (KLS) to work with 17 legal aid programs. This includes Missouri.

The legal aid programs will build on a prior successful TIG project which upgraded the websites to the web content management system Drupal 9. The prior upgrade modernized the legal aid websites, boosted traffic and achieved the objective of creating more accessible, user-friendly sites with robust analytics. This new grant project will further enhance the Drupal capabilities on the legal aid websites, including creating a new theme and leveraging AI technology to assess and simplify legal information.
